Town's Comprehensive Plan recognized

The Town of New Shoreham received a Certificate of Recognition for the 2016 Comprehensive Plan during the April 13 Meeting of the State Planning Council in Providence. Town Planner Alison Ring received the award on behalf of the town and provided a brief presentation to the members regarding the plan contents, process, and initial implementation efforts. Pictured with Ring, center, are DOA Director Michael DiBiase and Supervising Planner for Comprehensive Planning at Statewide Planning Kevin Nelson.

WE'LL OFF YOUR TICKS.

These days, ticks are more than just an annoyance. One bite can make you sick, and even change your life. Reducing the tick population in your yard is the simple solution for preventing bites and the likelihood that you will become ill.

If it's ticks or any other household pest issue, call the professionals at Griggs & Browne.

GRIGGS & BROWNE

Without Griggs & Browne, the whole town would fall down.
